SECTION B:

Breeder's Guarantee:

1. The puppy is a purebred German Wirehaired Pointer registered with the American Kennel Club papers provided. As the breeder has determined this puppy is a non-breeding quality dog, the puppy will have a "limited registration," as defined by the AKC. This means the puppy is eligible to be registered, but its progeny would not be so eligible without joint approval of breeder and purchaser to remove the "limited registration" designation.

2. The puppy is free of internal and external parasites, and communicable diseases. The puppy has been appropriately medicated as indicated in the Health Record provided.
3. The puppy is guaranteed not to develop hip dysplasia or hypothyroid.
4. The Scotia Kennel guarantees that if the puppy fails to meet the above specifications, as shown by written diagnosis of a qualified veterinarian, it will resume ownership of the puppy and refund the purchase price. OR the breeder will replace the puppy with a comparable puppy within two years.
5. The Scotia Kennel agrees to resume ownership of the puppy at any time if the purchaser is no longer able to care for the dog.

SECTION C:

Purchaser's Agreement:

1. Unless by previous written agreement, noted below, the puppy will be spayed/neutered upon turning six months of age and written proof provided to the breeder. The puppy will be registered with an AKC "Limited Registration." This means the dog is registered, but any progeny are unregistrable.
2. The puppy will be registered with **SCOTIAN** as either a prefix or suffix to its name.
3. Purchaser will seek a veterinarian health exam within 72 hours of receiving the puppy in order to verify the puppy's health on arrival.
4. Purchaser will provide the puppy with the best care possible and strictly adhere to regular vaccination schedules and veterinarian check-ups. Any evidence of abuse, neglect or mistreatment, as defined by the breeder, is cause for automatic relinquishment of the dog to the breeder. Abuse, neglect and mistreatment, as defined by the breeder, include but are not limited to: muzzling for any reason other than emergency medical treatment, physical punishment which leaves scars, lack of human interaction for more than 12 hours a day on a regular basis, and more.
